

Capability Statement (Cage 3DDL3)

Core Competencies

At Billet Industries we support your contract manufacturing needs from prototype through production. In our 32,000+ sq. ft. climate-controlled facility we manufacture dependable, defect-free components. Our specialties are precision machining, fabrication, welding, and assembly.

Billet Industries has a AS9100D and ISO 9001:2015 certified quality management system. Utilizing the latest technical resources, stringent quality control, and an unwavering commitment to customer satisfaction, we deliver customized, value-added service on even the most challenging jobs.

Established in 1972, Billet Industries is a second-generation, veteran-owned contract manufacturer located in York, Pennsylvania. We are a registered ITAR compliant supplier to the US government.
